

AIRWORTHINESS NOTICE

No.: 32
Issue : 4
1st. Sep. 2006

Light Aircraft Maintenance Schedules

Ref: (CAA/LAMS/A/1999) -Aircraft Not Exceeding 2730 kgs. & (CAA/LAMS/H/1999)

The above reference schedules are authorized for use in the Sudan provided that the appropriate Sudan Amendment is carried out.

The schedule must be customized for each aircraft model and presented to the Sudan Civil Aviation Authority, Airworthiness Directorate for approval.

A copy of the Sudan Amendment may be obtained from the Sudan Civil Aviation Authority, Airworthiness Directorate

The schedules are recommended to be used in conjunction with standard log books for aircraft, Engine and Variable Pitch Propellers.

It is emphasized that Certificates of Airworthiness for Sudan Registered Aircraft will retain the annual period of validity.

CANCELLATION:- This issue cancels all previous issues of Notice No. 32 which should be destroyed.
